We are currently experiencing a surge in the COVID-19 pandemic. For everyone’s health it is all-important to observe all rules & regulations.

**We remind you of the main points:**

**A.** You may not be in quarantine in the dormitory. In very exceptional cases the dormitory coordinator may be applied to.

**B.** Residents of the dormitory who are quarantined must report this to the Ministry of Health. Please use this link.

**C.** To be refunded for rent if you are in quarantine outside the dormitory, please submit the Ministry of Health certificate to dormsmarketing@savion.huji.ac.il together with your full information.

**D.** Immediately report the end of quarantine or (if applicable) the positive result of a COVID-19 test to the dormitory staff. This is mandatory.

If you have any questions about quarantine, please contact the Ministry of Health here.

**F.** Complying with state-mandated regulations is compulsory (social distancing, wearing a mask, disinfection, etc.). See official website.

**G.** Avoid visiting the office in person. Please use email and phone calls. If you do come to the office, be sure to arrive alone, wear a mask, and follow staff instructions.

**H.** Please contact your dormitory team any time.

Good luck with your exams!

Wishing everyone a good summer.
